ABOUT

The OceanKing Doge 400 GT is a 40m superyacht nearing completion at the Ocean King Shipyard in Italy. Doge 400 GT presents an exciting opportunity to acquire a brand-new vessel, with reduced lead times and full shipyard warranty.

The Doge 400 GT bears an exterior profile reminiscent of an explorer yacht, whilst elegant, contemporary lines give the yacht broader appeal. Partnering a sophisticated aesthetic with functional prowess, Doge 400 GT is capable of extended cruising in complete comfort, even in the most extreme conditions.

The yacht has accommodation for 12 guests. The master suite is located forward of the salon and is full beam, with a spacious en suite bathroom, extensive wardrobe space, and an adjacent private study. The guest accommodation is on the lower deck and comprises two VIP suites, a double cabin, and a twin.

On the main deck of the Doge 400 GT, there is a large salon with panoramic windows, and this leads to an external lounge and alfresco dining area. There is a formal dining room on the upper deck, and access from aft to the sun deck where a bar and swimming pool reside. Other standout features aboard the Doge 400 GT include the large aft beach club, which boasts two balconies and allows guests direct access to the sea.

The Doge 400 GT has a max speed of 16 knots and a cruising speed of 10 knots. At her most economical operation, cruising at nine knots, Doge 400 GT has a trans-oceanic range and autonomy of 4,700 nautical miles.

There are two tender garages, one in the bow and one in the aft beach club. There is also stowage possibility on the main deck.

The Doge 400 GT is an uncompromising superyacht and has been equipped with over €1,500,000 of optional extras. Due for delivery in 2023, she has been built with passion to the highest standards.
